Mahjongg is a game that originated in China, and is commonly played by four players (with some three-player variations). The game and its regional variants are widely played throughout Eastern and South Eastern Asia and have a rapidly growing following in Western countries. Similar to the Western card game rummy, mahjongg is a game of skill, strategy, and calculation and involves a degree of chance. The game is played with a set of 144 tiles based on Chinese characters and symbols.
